SISTERS' PICK
Uncommon Type by Tom Hanks is a collection of seventeen short stories. Some people you will meet in the stories include a newly divorced woman adjusting to life in her new neighborhood, four friends going to the moon and back in a rocket ship made in their backyard, and a teenage surfer finding his father's secret life. The link between the stories is that a typewriter plays a part. Hanks, a two-time Oscar winner, shows that he is a talented writer as well as a gifted actor.
